PHONE CW MOBILES PORTABLES FIXED STATIONS

THE MILWAUKEE RADIO AMATEURS' CLUB INC.

10 - 11 Meter Contest

The Milwaukee Radio Amateurs' Club invites all of it's members and Milwaukee County "Hams" to participate in a 10 - 11 meter CW and Phone contest for all fixed and mobile stations.

Sunday, May 6, 1951 9 PM to 10 PM

The Contest call will be "CQ MRAC". The object of this contest is to work as many other stations as you can in the one hour contest period. There will be no low power multipliers. Only one point is scored for each station worked regardless of the type of emmission. The logs should be tabulated:

Station Worked	RST Recd.	Contact No. Recd.	RST sent	Contact No. sent	Time

The rules and a time check will be repeated on the air at 8:55 PM on approximately 29 MC by W9LCD just prior to the start of the contest.

Be sure to include your name, call, power, antenna, and type of modulation used. Included is a log sheet. Use it if possible to aid the checkers of the contest.

Send all logs to W9IZQ Assistant Contest Chairman. No logs will be accepted for credit if postmarked later than midnight, May 9, 1951. Even if you have made only one contact, send in your log to give check numbers and credit to winning station.

A club winner will be declared for both the fixed stations and the mobile stations.

Let's all get in on this contest and fill the band from one end to the other.
